

Dear Little League Managers and Coaches:

More than any other person, you know great coaching is no accident. It starts with a love for the game. It grows from a strong desire to give children the tools they need to succeed on the field and in life. And it can happen in any league, with any team, anywhere in the world.

That's why Little League International created LittleLeagueCoach.org – *to start you on the path to great coaching*. Expert advice from renowned players and coaches; video demonstrations; skills development drills and exercises: At LittleLeagueCoach.org, you can get all the tools you need to start your season right or build on what you already have in place.

*And it's free.*

Little League International considers providing these tools so important to our youth and so important to the success of your team that it has decided to offer them without any charge. Unlike some other youth sports organizations' coaching programs, you won't pay a dime to access the exclusive content and resources at LittleLeagueCoach.org.
